Open houses are the same format, so please
pick the one most convenient for you!

Your Voice Matters.

Join us to review and provide input on potential scenarios for the future of Ascension Parish. Scenarios help depict the story of how choices we make today will impact the parish's future. Four scenarios for growth will be explained by the planning team based on the previous community workshop results and outreach.

Attendees will review each scenario and comment on the key themes and components they like and dislike.

We hope you will share your thoughts with us! All are welcome to attend.
